

Founded in 1989, Department of Industrial Engineering and Management (IEM) at Yuan Ze University is one of the leading IEM departments in Taiwan. YZU IEM currently offers four degree programs: the undergraduate program (since 1989), graduate master program (since 1990), graduate doctorate program (since 1992) and the in-service master program (since 1999). In 2020, ensuring the department's continuous excellence, the four degree programs of IEM department have been accredited successfully and received a 6-year accreditation from IEET. Candidates with enthusiasm for teaching, research, and service are welcome to join our team.
